

90 POINT TEST AND CHECK LIST

VEHICLE HISTORY

Confirm vehicle VIN with paperwork

ROAD TEST

ENGINE

- 1 Start OK - Hot/Cold
- 2 Idles OK
- 3 Acceleration and Cruise
- 4 Any engine noises (during hot/cold running and high/low RPM's)

TRANSMISSION

- 5 Auto/Manual, noise normal, (hot/cold)
- 6 Shift interlock operation OK
- 7 Clutch (in applicable) operates smoothly
- 8 Drive axle/Transfer Case, noise normal

STEERING AND SUSPENSION

- 9 Steers normal (proper response, centering, free play)
- 10 Struts, shocks operate and feel OK

ACCESSORIES

- 11 All gauges (speedometer, tach, odometer OK)
- 12 Speed (Cruise) Control

VEHICLE EXTERIOR INSPECTION

GENERAL OVERALL EXTERIOR APPEARANCE

- 13 Check for damage due to flood, hail, or fire
- 14 Major damage (including accident)

BODY PANELS AND BUMPERS

- 15 Check for visible damage or misalignment
- 16 Paint not mismatched or poor quality

GRILLE, TRIM, ROOF, RACK, TRUNK

- 17 Components to be free from visible damage

GLASS, OUTSIDE MIRRORS, WIPERS

- 18 Windshield free from cracks, pits, wiper marks
- 19 Side/rear windows from cracks, pits.
- 20 Mirrors not cracked or visibly damaged.

EXTERIOR LIGHTS

- 21 Check for operation and lens condition
- 22 Headlights, aligned and auto on/off
- 23 Fog, driving lights
- 24 Parking lights
- 25 Hazard lights
- 26 Turn signals, side marker lights
- 27 Brake lights, standard and upper mounted
- 28 License plate lights
- 29 Reverse lights

VEHICLE INTERIOR INSPECTION

AIR BAGS AND SAFETY BELTS

- 30 Air bags intact, no codes, dash lights work
- 31 Safety belts operate, free from cuts and wear

AUDIO AND ALARM SYSTE

- 32 Radio, cassette, CDE, speakers, antenna
- 33 Alarm/theft systems

HEAT/VENT/AC/DEFOG/DEFROST

- 34 Air conditioning and heater systems
- 35 Defog/defrost (front, rear, mirrors (if app))

INTERIOR AMENITIES

- 36 Tilt/telescoping steering wheel, column lock
- 37 Horn
- 38 Wipers an washers operate in all modes
- 39 Lights, instrs, panel, courtesy, dome, map
- 40 Lighter and Power outlets
- 41 Glove box and glove box light
- 42 Sun visors, vanity mirror, and light

CARPET/TRIM, MATS

- 43 Door trim, panels attached
- 44 Headliner

SEATS

- 45 Seats and head restraints operational
- 46 Heated seats (as applicable) operational
- 47 Electric seats operational

WINDOWS, DOOR LOCKS - To operate as designed

- 48 Door locks and handles (manual or power) OK
- 49 Window controls (manual or power) OK
- 50 Remote rear deck lid and fuel door release OK

TRUNK, LUGGAGE COMPARTMENT

- 51 Carpet trim, cargo net, clean, not damaged
- 52 Trunk area (compartment) light working
- 53 Jack and spare tire tools operate
- 54 Weather-stripping intact, not leaking
- 55 Spare tire correct size and type with min. 70% tread remaining, not damaged, pressure OK

UNDERHOOD

ENGINE CONROL SYSTEMS

- 56 No stored codes
- 57 Emission system operating properly

ENGINE SYSTEMS

- 58 Check for fluid leaks - what and where
- 59 Hoses, lines, coolant, fuel, brake, steering, vacuum, A/C (check condition and leaks)
- 60 Power steering pump (leaks and noise)
- 61 Master cylinder and booster (leaks)

ENGINE SYSTEMS (CONTINUED)

62 Engine mounts, not damaged

COOLING SYSTEM

63 Radiator, pressure check, inspect for leaks, and condition of tubes and fins.

64 Water pump (free from leaks or unusual noise)

65 Coolant recovery tank level sensor working

FUEL SYSTEM

66 Fuel pump pressure reading

ELECTRICAL SYSTEM

67 Alternator output check if correct

68 Ignition system working OK

69 Starter working OK

UNDERBODY

FRAME

70 No visual damage, no abnormal wear, no damage

71 Fuel lines, fuel tank, hoses and couplings, leaks

EXHAUST SYSTEM

72 Check for damage, leaks, hangers, braces, etc.

TRANSMISSION, DIFFERENTIAL, TRANSFER CASE

73 Automatic transmission/transaxle not leaking

74 Manual transmission, differential, transfer case, leaks, fluid levels, etc.

75 Universal joints, CV joints, boots not damaged, leaking, or excess wear/looseness.

TIRES AND WHEELS

76 All tires and wheels to match and be right size

77 Tread depth to be measured minimum 70%

78 Check for normal tire wear, no sidewall or alignment

79 Check tire pressures

80 Wheels to be free from damage run-out normal

SUSPENSION AND STEERING

81 Chassis lubrication

82 Rack & pinion, linkage, boots not damaged/leaking

83 Control arms, ball joints, bushings not worn

84 Sway bars, links, bushings, no excessive wear

85 Springs not sagging, proper ride height

86 Struts and/or shocks not leaking

87 Wheel alignment is correct

BRAKES

88 Check master cylinder for leaks

89 Brake lines, hoses, and fittings not worn or leaking

90 Parking brake operates correctly

30 POINT MAINTENANCE LIST

- 1 Change engine oil and filter
- 2 Change automatic transmission fluid and filter
- 3 Change differential fluid (rear)
- 4 Change engine coolant
- 5 Change brake fluid
- 6 Replace all engine belts
- 7 Replace fuel filter
- 8 Replace air filter
- 9 Replace battery
- 10 Replace front and rear brake pads
- 11 Replace front and rear brake rotors or drums
- 12 Replace brake calipers
- 13 Replace front wheel bearings and seals
- 14 Replace four (4) tires (if existing are less than 70%)
- 15 Provide approved engine diagnostic test
- 16 Replace floor mats
- 17 Remove seats and clean interior
- 18 Repair, clean, or re-upholster front and rear seats
- 19 Repair or replace any missing or damaged body parts
- 20 Repair or replace any broken missing or damaged lights.
- 21 Repair any and all body dents
- 22 Repair any and all body scratches
- 23 Repair or replace any broken glass windows or mirrors
- 24 Sand, prep, and prepare unit for repaint
- 25 Tape off all window glass prior to paint
- 26 Spray vehicle with manufacturer approved body primer
- 27 Spray vehicle with two (2) coats finished top coat
- 28 Spray vehicle with clear coat top finish
- 29 Buff out finished paint
- 30 Replace missing "A" post Unity floodlights (if applicable)
